

# BEEKLEY SPOTS® are out of the BOX!

and into see-through Packaging!

We are proud to present you with our see-through plastic packaging. It is designed to complement the professional look of your imaging department and provide convenient, one-handed access to the markers. The unique design protects the markers and allows you to see at a glance when you are running low on product.

Compact, space-saving, state of the art packaging available only from Beekley!
