## SEMI-PERMANENT TATTOO

Beekley  
Medical®

InkRight™ Dots and InkRight™ Crosshair are semi-permanent tattoo markers that provide a hygienic, efficient, and convenient alternative to traditional skin marking methods, making them an ideal solution for clinical applications.

- **Visible for up to 2 weeks**

- The tattoo is immediately visible upon application and darkens over time, staying visible for up to two weeks.

- **Semi-Permanent & Sanitary**

- Replaces the need for sharpie markings
- Prevents cross-contamination
- Individually packaged for single patient use

- **Water Resistant**

- Safe to use with moisturizers or lotions after application

- **No Refrigeration or Freezing Required**

- One-year shelf life

- **Mess-Free Application**

- No water or additional tools are needed for application
- Easy to apply and provide hassle-free handling

- **Patient-Friendly**

- Provides a religion-friendly solution by avoiding permanent skin alterations
- Needle-free application ensures a pain-free experience

- **Easy to Reapply and Realign**

- Tattoos can be easily reapplied for extended treatments
- Aligning over existing marks is simple, offering consistency and reliability for ongoing care
