

Your well-being is important to us.

Our equipment is wiped down and disinfected between every patient.

To provide an extra level of care, a **Bella Blankets®** protective coverlet will be placed on the equipment and used during your mammogram today.

It is a one-time use and only for **YOU**. **Bella Blankets®** acts as a sanitary barrier between you and the equipment.

Please let us know how we can make your experience even better.
