

The beautiful lotus flower is a symbol of strength, resilience, and retaining purity of spirit through life's challenges.

Thank you for coming to get your mammogram today. We realize that there can be challenges in life that make it difficult to prioritize your breast health and we commend you for being here.

Like the lotus flower blooms each morning through murky waters, we are here to help you navigate your breast health journey with strength and resilience. We are committed to helping each and every woman get the care she deserves.
